

IN THE SPECIFICATION:

The specification as amended below with replacement paragraphs shows added text with underlining and deleted text with ~~strikethrough~~.

Please REPLACE the paragraph beginning at page 21, line 9, with the following paragraph:

As noted above, embodiments of the present invention can be implemented by a computer readable medium including computer readable code controlling control unit 2, for example, to control the implementation of the aforementioned embodiments, without being limited thereto. Such coding would be within the skill of one skilled in the art after disclosure of the embodiments of the present invention. As described herein, the computer readable medium can be a recording medium, e.g., a memory device, an optical media, a magnetic medium, etc., ~~a transmission including a wave guide, carrier signal, etc., or~~ other mechanism[[s]] capable of carrying/including such computer readable code.
